Professional Summary

Enthusiastic BCA graduate and skilled MERN Stack Developer with strong expertise in JavaScript, React.js, Node.js, Express.js, and MongoDB. Passionate about building impactful, user-friendly web solutions and developing scalable, end-to-end applications. Demonstrated ability to create dynamic user interfaces and efficient backend systems. Actively seeking opportunities in collaborative and growth-driven environments to contribute to innovative projects and drive business success.

Experience

CAMERINFOLKS   **AUGUST 2024 – FEBRUARY 2025**
MERN-STACK INTERN

- Developed and maintained scalable, responsive web applications using the MERN stack (MongoDB, Express.js, React.js, Node.js).
- Debugged and resolved front-end and back-end issues to ensure optimal performance and reliability.
- Collaborated with cross-functional teams to implement UI/UX improvements and backend APIs.

Projects

ARTISTRY
A full-stack e-commerce web application that connects artists and art enthusiasts by enabling users to purchase artworks and art materials while allowing artists to create profiles, showcase their portfolios, and sell their creations. The platform also includes admin management and messaging features to enhance user interaction and streamline operations.
Technologies: React.js, Material UI, Node.js, Express.js, MongoDB, REST API

EXPLO: A Travel Destination Finder
A responsive travel guide website that allows users to explore destinations by categories such as beaches, forests, historical sites, cities, etc., with nearby attractions, hotel suggestions, and map integration to assist in trip planning.
Technologies: HTML, CSS, Bootstrap, JavaScript, JSON

FLORASIGHT: Automated Plant Disease Detection
A machine learning web application that detects plant diseases from images, enabling early intervention to reduce crop loss and support sustainable agriculture.
Technologies: Python, Machine Learning, Deep Learning

Technical Skills | Soft Skills

- **Front-End Development:** HTML5, CSS3, JavaScript, React.js, Bootstrap, Tailwind CSS, Material UI
- **Back-End Development**: Node.js, Express.js, REST API
- **Database Management:** MongoDB
- **Version Control:** Git, GitHub
- **Deployment & Platforms:** Vercel, Render
- **Soft Skills:** Adaptability, Creativity

Education

Bachelor of Computer Applications (BCA) | Mysore University | Christ College, Mysore.   Mysore 2024

Plus two, Kerala State Board of Secondary Education.   Kannur 2021
